**We help you reduce your running business costs to save your firm money!**

**We are a boutique consulting firm focusing on Office Costs Reduction to save your firm money and to enhance your profitability. HOW?**

- ◆ We analyse your bills and contracts from various suppliers such as telecommunications, janitorial, office supplies, utilities, printing & publishing, maintenance, travel accommodation, leasing etc.
- ◆ We will negotiate with your current suppliers on cost reductions and/or source for alternative suppliers and negotiate more favourable contracts for your firm.
- ◆ Depending on how tight your current cost controls are, total estimated savings could range from 2% to 30% on average.
- ◆ Fee structure: The fee comprises 2 parts: 1) a small upfront fee (100% refundable if no savings are generated from cost reduction initiatives) and 2) 75% of the estimated average savings for each supplier in the first three months of cost reduction initiatives taking effect. **THEREFORE there is no cost to you unless you save!**

Drawing from years of international experience in the fields of insurance and investment banking, SME Business Visions is strongly committed to offering **practical solutions** to minimize reduce your office running costs and reduce organizational inefficiencies.
